

Entrepreneur in Residence (m/f)

Holidu is building the world's best search engine for vacation rentals. Our mission is to finally make finding and booking the perfect rental as easy as a Sunday morning. We are on this journey in a rapidly growing team of travel and technology enthusiasts from all over the world. Our travel mates also include investors and mentors who have helped companies such as Booking.com, Spotify and Zalando to achieve global success. So, pack your bag, hop on board and get ready for take off!

Your role in this journey

- Implement company projects on the interface between product management, sales and marketing
- Collaborate closely with c-level, external partners & our tech team
- Support Holidu to become the best search engine for vacation rentals

Your backpack is filled with

- University degree in business administration, technology management, sciences or related studies with outstanding academic achievements
- Affinity for technology and analytical mind-set: You conceptualize products and cooperate with our technology team
- Excellent communication skills: You enjoy to work independently with our internal and external partners
- Perseverance: We need your persistence to develop sustainable solutions in a tough market
- Enthusiasm & motivation to explore new topics
- Experience in consulting, technical sales or start-ups beneficial

Our adventure includes

- Cutting edge technology in all areas of our fast-growing business
- A diverse international team with the ambition to achieve amazing things
- Flat hierarchies, responsibility and freedom to develop your own ideas
- Continuous learning from and with experienced co-workers and mentors
- Real team play with a lot of fun together during and outside of work

Want to travel with us?
