

We are BLOKS.: A fast-growing and innovative company with locations in Munich and Hong Kong. We advance e-mobility on two wheels by developing, producing, and operating components and systems for e-bikes. Our goal is the greatest possible amount of freedom in designing the new generation of bicycles. To strengthen our team, we are looking for you, a

WORKING STUDENT DIGITAL DESIGN (m/f)

Location: Munich

www.bloks.de/jobs

YOUR RESPONSIBILITIES

- You will develop our style guides and templates
- You'll be developing our website and producing assets
- Design product brochures, flyers, posters and infographics
- Drafting presentations and creating assets for our social media belongs to your duties
- You'll assist in the designing of our product UI's

YOUR PROFILE

- You are studying media or communication design and have completed a practical semester
- You have a passion for corporate design and digital products
- You wield Adobe's Creative Suite with as much ease and skill as you would your own hand
- Technical knowledge (html/JS/LESS) is a plus
- Your portfolio demonstrates thoughtful layouts and typography in print and digital
- For you, readability and usability are not merely a cherry on top but foundational
- You are a quick learner, productive, creative and highly motivated
- You work independently, in a structured manner and are detail-oriented
- Fluent spoken and written German and English (the latter is the team's lingua franca)
- Active participation in the open source community desired
- You enjoy creating something new, adding your input and seeing your ideas be actualized
- Passion for cycling (mtb, road, etc.) and sustainable transportation

YOUR PERSPECTIVE

- Your workplace is only 1 km from the Englischer Garten in Munich's Schwabing-Freimann district
- Our modern loft office with a table football room, showers, a generous roof terrace, and a slackline offers you more than just physical freedom of movement
- You'll be working in a dynamic working environment with a young, growing team
- You'll be part of an international, yet closely integrated team of specialists
- Experience flat hierarchies and direct communication channels
- You will actively shape the future user experience in the e-mobility sector

Have we inspired you? Then we are looking forward to receiving your detailed application here:
