Information on leave:

1. This application can only be submitted for one semester and only subject to the provision of appropriate evidence. The semester fees in the amount of €44.50 must still be paid for the duration of leave.
2. The application for requesting leave must be submitted during the respective re-registration period.
 - 2.1. Leave for the very first semester of studies for students who have newly enrolled or enrolled for the first time is only possible in exceptional cases. Leave cannot be granted retroactively for past semesters.
 - 2.2. If the reasons requiring leave occur at a later stage, the application can be submitted at the latest by the end of the first month of the lecture period.

After leave has been granted, it may only be canceled on written request and no later than until the date specified above to be converted into re-registration of the student instead.

3. During the entire course of studies, a student can generally only request leave for a total duration of two semesters. A leave of absence for parental leave or for caring for a close relative is not calculated into the maximum time that you can request off.
4. In case of leave granted for studying abroad, the semesters of leave will generally not be credited to the regular/examination semesters, unless the credits and examination achievements obtained at the foreign university are credited to the student's degree program.
5. No coursework may be completed and no examinations, with the exception of retake examinations, may be taken at the Catholic University of Eichstätt-Ingolstadt during leave. Students who have been granted leave for maternity/parental leave or in order to care for a close relative are exempt from this rule.
6. Periods during which examinations must be taken or retaken are not interrupted or extended due to leave!
