

Studienverlaufsplan BSc Data Science

1	Intro. Statistics	Intro. Programming	Information Systems	Linear Algebra I		Analysis for DS I
2	Hands-on ML and DS		Algor. & Datastruc.	Linear Algebra II		Analysis for DS II
3	Foundations of Data Science		Adv. Programming	Intro. Stochastics	Optimization for DS	Focus Area
4	Foundations of Machine Learning		DS Lab	Statistical Learning	Studium Pro	Focus Area
5	Practical Training		Ethics for Algorithms and Data	General Elective	Focus Area	Focus Area
6	Thesis		DS BSc Seminar	General Elective	General Elective	Focus Area
