The double Master's degree in Business Administration International is a special study program (English taught) with selected international partner universities (Toulouse Business School/France or Rajagiri Business School (RBS) in Kochi/India). Graduates of the degree programs are awarded the academic degree of Master of Science (MSc in Business Administration) from the Ingolstadt School of Management (WFI) and a postgraduate degree (MSc or PGDM) from one of the partner universities. The degree program offers an unforgettable, intercultural study experience and serves as an ideal basis for an international career. Due to this special structure, places are **strictly limited**. All applications are reviewed and evaluated by a selection committee based on the submitted documents. Based on these evaluations, a ranking is established, and the limited available spots are allocated accordingly.
