

NEW procedure for recording grades in KU.Campus

In response to multiple requests by the examination offices in Eichstätt and Ingolstadt for more information regarding grade recording, the new procedure for recording grades was now implemented. In order to share the costs, we have commissioned the company CREALOGIX AG with the development of the new web module “Grade recording” together with the Berne Department of Education. This module will be integrated in our productive system in mid-April.

From now on, the system differentiates between in-semester examinations and end-of-semester examinations. For in-semester examinations, there is an additional column titled “date of examination”. The examiner simply has to enter the date on which the students completed their in-semester examination in the embedded calendar.

Furthermore, there are two additional columns both for in-semester examinations and end-of-semester examinations – “remark” and “no participation”.

In the field “remark”, you now have the possibility to insert information which might be relevant for the examinations office, such as defraud or cheating.

Furthermore, if “failed” is entered, a new field emerges in the column named “no participation”. As it is impossible to leave the field blank for technical reasons, the field will be crossed out.

If you click on the field, it will change to display a check.

The screenshot displays the 'Benotung' (Grading) interface. At the top, there is a header with the university logo and user information: 'KATHOLISCHE UNIVERSITÄT EICHSTÄTT-INGOLSTADT' and 'KU.CAMPUS Campus-Management-System'. The user is logged in as 'Hans Fischer'. Below the header, there is a navigation menu on the left and a main content area. The main content area shows a table of student grades. A callout bubble points to a 'Keine Teilnahme' field, stating: 'Bei einem "nicht bestanden" erscheint dieses Feld'. The table has columns for 'Name', 'Matrikelnummer', 'Note', 'Bemerkung', and 'Keine Teilnahme'. The data rows are:

Name	Matrikelnummer	Note	Bemerkung	Keine Teilnahme
Teststudent 82Geo	359087	1,7 (gut)		
Teststudent 82LAGGS	359102	5,0 (nicht aum)		

Picture 1 Example of end-of-semester examination

Michael Niedermeier

In the next step “advance to evaluation”, we have summarized the printing and finishing area. You will find the new button “finish and print” in the bottom right corner.

The screenshot shows the 'Auswertung der Benotung' (Evaluation of Grading) page in the Campus-Management-System. The page header includes the logos for 'KATHOLISCHE UNIVERSITÄT EICHSTÄTT-INGOLSTADT' and 'KU.CAMPUS Campus-Management-System'. The user is logged in as 'Angemeldet als Hans Fischer'. The page title is 'Auswertung der Benotung'. A 'Wichtiger Hinweis' (Important Notice) states: 'Die Publikation der Noten ist dem Campus Office vorbehalten. Den Dozierenden ist jegliche Form der Publizierung untersagt.' (The publication of grades is reserved for the Campus Office. Any form of publication by lecturers is prohibited.)

The main content area displays information for the 'Aufbaumodul Mathematikdidaktik (MS), Unterrichtsfach/Didaktikfach' (82-105-L-MAT27-S-P-0610.20161.001). The organizer is 'Mathematisch-Geographische Fakultät', the instructor is 'Fischer Hans', and the exam dates are '18.07.2016 - 18.07.2016'.

Name	Matrikelnummer	Note	Bemerkung
Teststudent 82Geo	359087	1,7 (gut)	-
Teststudent 82LAGGS	359102	5,0 (nicht ausre...)	-

Summary statistics:

- Durchschnitt: 3,35
- Standardabweichung: 1,65
- Anzahl Noten: 2
- Beste Note: 1,7
- Schlechteste Note: 5
- ungenügend: 1

A bar chart shows the distribution of grades: 1 'genügend' (green bar) and 1 'ungenügend' (red bar). The x-axis is labeled 'Note' with values 1,7 and 5. The y-axis is labeled 'Anzahl'.

Navigation buttons at the bottom right: 'Zurück zur Benotung' and 'Abschluss und Druck'.

Picture 2 Finish and print

This has the advantage, that you cannot forget the PDF list of grades for the examinations office. Furthermore, the PDF file is now also in line with the KU's corporate design. All new columns also appear on the PDF file.

Notenliste Prüfungsamt

Wichtiger Hinweis: Die Publikation der Noten ist dem Campus Office vorbehalten. Den Dozierenden ist jegliche Form der Publizierung untersagt.

In order to be able to implement the new web module “Grade recording” with all new features, we had to use some new services. The developers also had to implement some basic further development in some of the new services CLX.Evento OAuth Server, CLX.Evento Rest API and CLX.Evento NG Server.

This guarantees that the new grade recording system is 100 % safe.
