

Bachelor and Master Theses

We supervise Bachelor and Master theses on tax policy and other topics related to public economics. To write your thesis at the Chair of Economics, esp. Public Economics, it is necessary to fulfil certain requirements: You should have successfully completed two of our courses for writing a Bachelor thesis and one of our courses for writing a Master thesis. (Students who do not fulfil this requirement may be considered too, but only as an exception to the rule.) We strongly recommend students to write a term paper at the chair before planning to write their thesis in the field of public economics. Moreover, you must fulfil the requirements laid out by the examination regulations.

You can choose one of [these topics](#) for your Bachelor or Master thesis. You can also come up with own ideas if they fit into the areas of research and teaching of our chair. Feel free to contact us.

Further information:

- Topics of former Bachelor and Master theses can be found [here](#).
- Instructions on the procedure of writing a Bachelor or Master thesis can be found [here](#).
- Proposed topics can be found [here](#).
- Directions for a [Bachelor thesis](#) and for a [Master thesis](#) can be found here.
