

Public Finance

The study of public finance analyzes the economic actions of sovereign states. An important part is the analysis of public revenues, especially taxes and national debt.

After completing the course, the students are able to form well-informed opinions of tax policy and public debt. They can apply the methods of economic analysis to public finance problems.

Here you can find the evaluation results of the [lecture](#) (QI 96.9) and the [tutorial](#) (QI 98.1) in the summer term 2016 and the results of the [lecture](#) (QI 95.1) and the [tutorial](#) (QI 96.2) in the summer term 2017.

Target group: Mandatory course

Term: Winter Term

Time: tba

Instructor: Dr. Dominik Schober (lecture)

Lennard Zyska (tutorial)

ECTS: 5 ECTS

Language: German

Restrictions: none

Registration: Exam registration via [Flex-Now](#) or KU.Campus

Course Description: See this [PDF](#)

Course Documents: See Ilias

First exam date: 13.02.2019, 12:00 - 14:00 p.m. Room: GH and NB-101*

Exam Dates: Second exam date: 18.04.2019, 10:00 - 12:00 a.m. Room: GH
