

International Fall Term

The "International Fall Term" is an intensive program for Bachelor students. International students have the opportunity to study at the WFI from September to December and achieve a total of 30 ECTS. The program includes a module "Culture and Society" and a German language course with different language levels, depending on the participant. In addition, students choose four courses from the fields of Business, Economics and Ethics. In these modules, short-term students study together with regular students.

We are currently developing a similar program for incoming Master's students.

In order to receive information about how to register for the program, students need to be nominated by their home university by e-mail to [incoming\(at\)ku.de](mailto:incoming(at)ku.de) by the **15th of May**.

Further information can be found in the curriculum and in the module catalogue:
