

Study at the KU

With around 5000 students, the KU is currently the smallest university in Bavaria. Studying in Eichstätt means working in a welcoming atmosphere where small groups, individual consultation, and close working relationships are the norm.

On these pages you will find information on organizational matters, as well as an overview of the main contacts at the KU for a range of topics.

Organization

Useful information on organizational matters (important dates, accommodation, financing your studies) is available on this page. [More...](#)

Services and advice

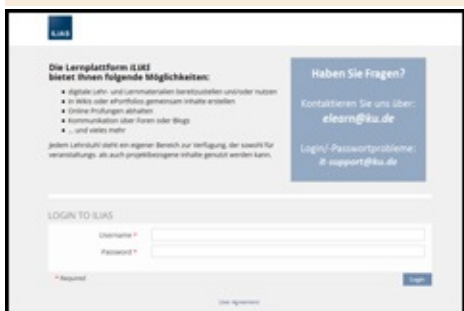

The KU provides a range of advisory services on a variety of topics for both current and prospective students. [More...](#)

KU.Campus

KU.Campus is the KU's campus management system and digital course catalog. It is used to register for courses and examinations. [More...](#)

Ilias

The ILIAS e-learning platform is a place for students and lecturers to exchange seminar materials. It also includes communication tools such as forums, blogs, and a chat function. [More...](#)

Student representatives

The student representatives represent students' interests in various committees at the KU. [More...](#)
