## **New lecture "Management in Far East Asia"**

---

For our Bachelors Prof. H.-P. Sonnenborn (Dean of the Faculty of Economics at the University Hof) will be holding a lecture about "Management in Far East Asia" this winter term 2011/2012. The course is a continuation of our succesful cooperation with Prof. Sonnenborn, who knows well to teach students about making business in foreign markets, especially Far East Asia.
