Tasks:
Office hours:

Research focus

- Retail Logistics
- Multi-channel Retailing
- Grocery Retailing
- Distribution Planning
- Allocation Decisions
- Modeling, Optimization and Simulation

Publications

Product allocation to different types of distribution center in retail logistics networks,

European Journal of Operational Research (forthcoming), 2016.

Co-authors: Kuhn, H. and Sternbeck, M.

Delivery pattern and transportation planning in grocery retailing,

European Journal of Operational Research, Vol. 252, No. 1, 2016.

Co-authors: Hübner, A., Kuhn, H. and Sternbeck, M.

Retail logistics in the transition from multi-channel to omni-channel,

International Journal of Physical Distribution & Logistics Management, Vol. 46, No. 6/7, 2016.

Co-authors: Hübner, A. and Wollenburg, J.

Distribution systems in omni-channel retailing,

Business Research, Vol 9, No. 2, 2016.

Co-authors: Hübner, A. and Kuhn, H.

Selecting delivery patterns for grocery chains,

Operations Research Proceedings 2014, 2016.

Co-authors: Hübner, A. and Sternbeck, M.

The effects of store clustering on delivery pattern planning in grocery retailing,

Working paper under review, 2016.

Configuring retail fulfillment processes for omni-channel customer steering,

Working paper under review, 2016.

Co-authors: Hübner, A., Kuhn, H. and Wollenburg, J.

Operations management in multi-channel retailing: an exploratory study,

Operations Management Research, Vol. 8, No. 3, 2015.

Co-authors: Hübner, A. and Kuhn, H.

Structures and development paths for logistics and distribution systems in multi-channel retailing,

Proceedings of the 7th International Scientific Symposium on Logistics, 2014.

Co-authors: Hübner, A., Kuhn, H. and Wollenburg, J.

Entwicklungsstufen und Leistungskriterien für die Logistik im Multi-Channel-Handel,

Forschungsbericht der Wirtschaftswissenschaftlichen Fakultät Ingolstadt, 2014.

Co-authors: Kuhn, H., Hübner, A. and Wollenburg, J.

Logistik im Multi-Channel-Handel - Eine empirische Untersuchung zu Strukturen, Handlungsfeldern und Entwicklungspfaden,

Forschungsbericht der Wirtschaftswissenschaftlichen Fakultät Ingolstadt, 2013.

Co-authors: Kuhn, H and Hübner, A.

Academic presentations

Logistics in multi- and omni-channel retailing – Structures, developments and success factors

Multi-/ omni-channel logistics workshop of the EHI Retail Institute, September 2016, Cologne, Germany

Omni-channel inventory allocation in fashion retailing,

1st EURO Working Group Meeting on Retail Operations, June 2016, Beilgries, Germany

Assignment of products to alternative distribution centers in retail logistics networks,

27th Annual Conference of the Production and Operations Management Society (POMS), May 2016, Orlando, USA

Omni-channel inventory allocation in fashion retailing,

27th Annual Conference of the Production and Operations Management Society (POMS), May 2016, Orlando, USA

Omni-channel inventory allocation of seasonal goods,

INFORMS Annual Meeting 2015, November 2015, Philadelphia, USA

Omni-channel inventory allocation of seasonal goods,

International Conference of Operations Reserach (OR 2015), September 2015, Vienna, Austria

Product allocation to distribution centers in retail logistics networks,

27th European Conference on Operational Research (EURO), July 2015, Glasgow, UK

Delivery pattern and transportation planning in grocery retailing,

27th European Conference on Operational Research (EURO), July 2015, Glasgow, UK

Customer-oriented product processes in multi-channel retailing,

Annual Meeting of the Academic Advisory Board of GS1 Germany, June 2015, Cologne, Germany

Product allocation to distribution centers in retail logistics networks,

26th Annual Conference of the Production and Operations Management Society (POMS), May 2015, Washington, D.C., USA

Selecting store delivery patterns for grocery chains,

26th Annual Conference of the Production and Operations Management Society (POMS), May 2015, Washington, D.C., USA

Customer-oriented product processes in multi-channel retailing,

Meeting of the Academic Advisory Board of GS1 Germany, March 2015, Cologne, Germany

Inventory allocation in multi-channel retailing,

25th Workshop for Quantitative Business Administration (QBWL), March 2015, Schwerte, Germany

Selecting store delivery patterns for grocery chains,

INFORMS Annual Meeting 2014, November 2014, San Francisco, USA

Optimization model for delivery patterns in grocery retailing,

Colloquium on European Research in Retailing (CERR), September 2014, Bremen, Germany

Development stages in multi-channel retail logistics,

Colloquium on European Research in Retailing (CERR), September 2014, Bremen, Germany

Selecting store delivery patterns for grocery chains,

International Conference of Operations Reserach (OR 2014), September 2014, Aachen, Germany

Logistics in multi-channel retailing – structures and development paths for logistics and distribution systems,

7th International Scientific Symposium on Logistics, June 2014, Köln, Germany

Selecting store delivery patterns for grocery chains,

Workshop of the Graduate Program of Operations Management in Manufacturing and Services (GPOM), June 2014, Augsburg, Germany

Multi-channel logistics,

CSCMP European Research Seminar, April 2014, Düsseldorf, Germany

Selecting store delivery patterns for grocery chains,

24th Workshop for Quantitative Business Administration (QBWL), March 2014, Meinerzhagen, Germany

Multi-channel retailing – Challenges and success factors for logistics

Workshop of the Graduate Program of Operations Management in Manufacturing and Services (GPOM), July 2013, Ingolstadt, Germany
